I acknowledge that:

I have spent time evaluating which courses will meet CPS requirements and best match my interests.

I have fulfilled all prerequisites for the courses I have chosen. If I have not, I understand that my counselor will place me in the appropriate class.

I understand that courses are chosen for their content and not for the teacher. (**Courses selected during the request process will not be changed - please see course change policy.**)

The courses on this sheet match the courses I have chosen in Sound Programming. (Please attach this to your Sound Programming print out.)
