I have read and understand the CPS Network Student Acceptable Use Policy (located on the Jones website at jonescollegeprep.org under the *Parents* tab - *Mailings and Forms*) and the CPS Network Student Internet Test. I understand that the Internet is a world-wide group of millions of computer networks. I know that the Chicago Public Schools does not control the content of these Internet networks. When using the Internet, I realize that my child may read material that I might consider inappropriate or offensive. The Chicago Public Schools has my permission to give an Internet account to my child. I understand that my child, while a Chicago Public Schools student, may keep this address as long as the procedures described in the CPS Network Student Acceptable Use Policy are followed.
